

Patricia Harvey Memorial Scholarship

The Patricia E. Harvey Memorial Scholarship was established by friends, colleagues and candidates to commemorate a professor of outstanding quality. The scholarship, the most distinguished offered in the Faculty of Education, is awarded on the basis of professional and academic excellence and is open to all candidates graduating from third year of the pre-service concurrent program.

Course Directors will nominate potential teacher candidates. The successful candidate will have a minimum grade point average of 6.0 in their academic faculty and a minimum grade point average of 7.0 in the Faculty of Education. The value of the scholarship equals the interest derived from an initial principal and the Faculty reserves the right not to award a scholarship every year.
